Section A. Background Information

Name: _____ P.I. (if different): _____
Department: _____ Address: _____
Phone: _____ Fax: _____
Email: _____ P.I. Email: _____

Section B. Start Date and Billing Information

Start Date: (mm/dd/yy) _____ End Date: (mm/dd/yy) _____
Account Number: _____

The account stated above will be billed a fee to cover the basic laboratory consumables for the indicated period. Any additional biological or plastic consumables will be billed automatically. A monthly statement will be mailed directly to your department's bookkeeper.

2004/2005 Fiscal Year Rate: \$130.00 / Month

The Division of Biotechnology is partially subsidizing student research in the GATC (50% of \$130.00). The signature below authorizes the Arizona Research Laboratories Business Office to charge your account.

Account Rep: _____ Signature: _____
Department: _____ Address: _____
Phone: _____ Email: _____
Fax: _____

Section C. UA Safety Protocols

Risk Management - Laboratory Safety Training Certification [] Yes Date: _____
[] No Registered: _____

The GATC follows the university policy set forth by Risk Management for working in the laboratory. Many of the chemicals we are using in our laboratory are considered to be risks to your health. They may be toxic, corrosive, hygroscopic, carcinogenic, mutagenic, and some extremely caustic. Product sheets are in file and available for reviewing. Additional information can be found at the manufacturers' web sites.

You will also be notified concerning the safety procedures implemented in the GATC. The use of latex gloves, lab coats and eye protection is strongly advisable. All toxic and caustic materials must be used in the appropriate hood. Proper disposal of wastes must be followed. Under no circumstances should any hazardous material be disposed of in the regular trash (solids) or down the sewer system (liquids). If you have specific questions regarding proper disposal methods, please ask a GATC staff member.

Failure to abide by the university rules may be extremely costly to you. All repair cost associated with damage due to gross negligence will be charged to your account. The primary investigator is responsible for their student's actions.

Section D. Lab Access

The GATC is a restricted facility. Keys can be obtained by providing the following:

- 1. Building key the ARL Office.
- 2. Room Privilege Card -- released and yearly validated (fiscal) by the ARL Office.
- 3. Access code will be provided by the GATC.

Section E. Signatures

Signature: _____ Date: _____
P.I.'s Signature: _____ Date: _____
